To Whom It May Concern:

On December 8, 2009, Millwood High School hosted an hour of entertainment provided by Grand Scale Illusionist Claude Haggerty. Mr. Haggerty wowed the crowd with stunning tricks and illusions during his one hour performance. To the delight of the 400 spectators, he invited several students and staff on to the stage to participate in the magic of the afternoon.

Besides entertaining his audience, Claude weaved an inspirational and motivational message into his performance. By calling on his own life experiences, he stressed the importance of goal setting and spoke to the tremendous impact that others can have in making one's dreams become reality. Students and staff alike were touched by his message.

We had very positive feedback from our audience. I would recommend Claude Haggerty's show as a motivational and entertaining assembly for secondary students.
